RELATED WORK

Here you can find individual experiences that together form the basis on which INNOVATIONS are presented.

Here you can find quick links about the work that contributed, together with all the knowledge, work, and experience, to the idea that is presented in the **TWALS** section of the website.

Please take a little time to read about my **Water polo** work.

Here is a bit about my work in the field of **Swimming**.

Another huge aspect of my working experience is **Youth education**.

Sports' diagnostics tell us where we are at the moment in relation to our needs.

Proper **Management** of the events, training, games, takes knowledge, and experience, too.
